## Why Offer DeltaVision®?

**What's important to you is important to Delta Dental and VSP.**

### Introducing DeltaVision!

Delta Dental has partnered with VSP Vision Care — a national leader in vision benefits — to offer an exciting new addition to our dental benefits programs. DeltaVision was created exclusively for our Delta Dental customers. VSP is well known for their best-in-class vision programs, making them the ideal complement to our dental program.

When DeltaVision is combined with your Delta Dental benefits, you get two great programs in one convenient and affordable package. Plus, one plan includes an enhanced feature: glasses and contacts in the same year.

Here's how DeltaVision benefits your employees:

- **The largest network of participating opticians nationwide.** Members can easily take full advantage of their benefits and in-network savings.
- **Innovative benefit programs.** They feature lots of included extras, such as discounts on LASIK, additional pairs of glasses, and more.
- **One-stop administration.** You get both their dental and vision bill from us. Enrollment changes carry through for both plans.
- **World-class customer service.** VSP consistently earns a 99% satisfaction rating from members.

- **Supports their health and wellness.** Both dental and vision benefits encourage people to look after their health. Dentists and eye doctors are both trained to detect early signs of many conditions, which can lead to earlier intervention and better overall health.

Flexible, quality benefits with the award-winning customer service your employees have come to expect — that's DeltaVision.

DeltaVision plans are only available to groups that have or are purchasing a dental plan from Delta Dental.
